The Sterling Hospitality® Sustainable Modular Mattress

The Top Three Reasons

Hospitality Buyers are choosing the

Sterling Hospitality® Sustainable Modular Mattress

STERLING
SLEEP SYSTEMS

#3 A high quality mattress confirms to guests that you care about their comfort.

- Increased guest satisfaction and repeat business
- Ability to tailor your beds for customized comfort

#2 Reduce maintenance costs and downtime to maximize room capacity.

- All mattress components are interchangeable
- Accidents or bed bugs are easily dealt with by housekeeping staff
- Replaceable components extend mattress service life

#1 Reduce your carbon footprint and help to save our environment.

- Winner of the 14th Annual Hospitality Product Design Award of Excellence for Sustainability
- Gain 2 LEED points for your property

How does the mattress work?

Sterling's sustainable modular design allows for **interchangeable component replacement in-room**, resulting in reduced lifetime cost of ownership by **up to 50%**

How does the mattress work?

The mattress can be **taken completely apart** by **housekeeping staff**, keeping beds in **top condition** and **rooms in service** while providing the **highest level of comfort** for your guests.

How does the mattress work?

Replaceable components **extend the service life** of your mattresses exponentially, **saving you $$$** and **greatly reducing solid waste** in the future.

What others are saying…

Oakwood Worldwide Corporate Housing

"One definite advantage is the concept of replacement components…this has been a great find for Oakwood."

Brian Keller, Director of Property Services, Oakwood Worldwide LEED® Green Associate
